

Electronic Medical Records

Are you struggling with lost charges and late submittals? Are you using valuable space for storage of patient records? Would you like to leverage your manpower and improve throughput?

If you are searching for an affordable Electronic Medical Record (EMR) solution, CLIN1 Suite should be at the top of your list!

CLIN1 Suite

CLIN1 Suite is a collection of intergrated departmental components for the management of all aspects of clinical patient information and charge collection. CLIN1 Suite offers facilities of all sizes an opportunity to move forward with their goal of implementing an EMR System without a large initial cash outlay.

CLIN1 Suite provides a modular solution set to construct and provide electronic management of patient data for only those areas you wish to address during early phases, while allowing for future expansion into other areas and functions.

Clinical Software Solutions has over 15 years in the business of managing Patient Healthcare Information and is proud to announce CLIN1 Suite as our entry into the EMR – Electronic Medical Records market.

SOLUTIONS AVAILABLE FOR:

- Patient Charting
- Pharmacy and Medication Administration Management
- Vital Signs
- Patient Assessment
- Radiology and Imaging
- Laboratory
- Scheduling
- Dietary
- Therapy (Behavioral, Physical, Occupational, Respiratory, etc.)

Your Facility Can...

- Reduce Paperwork
- Leverage Your Personnel
- Improve Throughput
- Improve Patient Care/Services
- Save Time, Save Money
- Reduce Delays
- Speed Response Times
- Increase Profitability

Don't let the high cost of EMR systems keep your facility from moving forward.

CLIN1 Suite is an affordable and cost effective means of bringing your facility "On Line". You can start implementation in as little as 60 days and progress at whatever pace fits your facility's needs and budget.

Focus on problem areas where cost benefit makes sense. Concentrate your IT dollars where they'll generate the biggest return.

There are a variety of ways to implement an Electronic Medical Record (EMR),
but only one CLIN1 Suite.
